

## Watercolor Pencil Color Wheel

### To make your Watercolor Pencil Color Wheel, you'll need:

Plain paper (or a page from a sketchbook), Watercolor Pencils, Watercolor Brush, Water

#### Step 1

Make a circle with all of your watercolor pencils. Make some sections darker than others.

#### Step 2

Slightly wet your watercolor brush and begin to go over the colors.

#### Step 3

Blend the colors together where they meet to create a smoother circle.

#### Step 4

Use this technique to draw and create your own watercolor masterpieces!
